

# Money Back Guarantee on Roofing?

**If you are not satisfied with the roofing work we do on your home or buildings we will give you your money Back!**

At Trades Unlimited we are so confident that we will give you the absolute best value for your roofing dollar that we have decided to take all the risk out of it for you with a money back guarantee! If you are not satisfied with the work we have done up to one year from the date of completion of work we will give you all of your money back. How do we dare to do this? Simple, our technicians are so well trained not only in roofing but also the entire Building Envelope which enables us to accurately diagnose the source of leaks and permanently stop them that we have decided that there is very little risk in offering such a strong guarantee. We are the company that routinely finds and stops leaks others can't because we fully understand the Building Envelope and that makes all the difference in diagnosing exactly where the leaks are originating from and how to permanently stop them. Here are some comments from a couple of people just like you! "For twenty six years ev-

ery time it rained my wife and I had to get buckets out, now for the first time since Trades Unlimited completed the work here on our roof and the areas the roof connects to we actually enjoy the rain". One gentleman who is an engineer named Tom even came on the radio show HouseTalk hosted by the owner of Trades Unlimited Warren and gave a lengthy interview about how his and his wife's home had leaked for all 12 years they owned it. They then interviewed several roofing companies and they all told them they needed to replace their roof. After the roof was installed then their home really leaked! In this instance the methods used to install the roof actually created lots of leaks. After many exhaustive efforts to get the leaks stopped to no avail Tom and his wife asked for our help. Tom told us during his appearance on HouseTalk (heard on News Talk 960 KKNT Saturday mornings at 10) that he agreed to the interview because he wanted to "help others to avoid getting

into the same situation". For more information on the Leaks Nobody Can Find and the Building Envelope go to [www.tradesunlimited.com](http://www.tradesunlimited.com) and watch the FREE videos. I think you will agree that neither of the Trades Unlimited customers above will be asking for their money back. We are confident you won't either but for your protection and peace of mind you will have that option. Of course our standard guarantees are for much longer time periods than one year but nobody that we are aware of offers you a complete Money Back Guarantee for one year from date of completion of work! When you call our office at 480-483-1775 ask for a copy of the money back guarantee so you can read the complete terms and conditions yourself. Call our office to schedule an appointment by 8/31/09 and we will also send you a FREE copy of our roofing guide that is full of information about how to hire a contractor and is called Roof's Leaks and the Building Envelope.
